

River's Edge Trail

coupled with
a walk around the park
is an easy 4.5 km hike

From the West Washroom Shack head west on the gravel road and cross the creek.
At the fork in the road stay left and head south towards the river.
Turn left onto the trail that takes you to the pond.

As you pass the pond you will travel into a wooded area.
Look for the River's Edge Trail sign posted on a tree to your right.
Follow this trail along side the river's edge. Watch your footing, as the bank is steep.

After scrambling over fallen trees and navigating some narrow passages, the trail will lead you down to the river bed.

Head upstream towards the boat launch area.

Your path along the river will vary depending upon the water level.

Head west on the boat launch road and then north to find your way back to the park

Depending upon where you started in the park, complete your park loop and celebrate the completion of a beautiful 4.5 km hike.
